# Online Library A320 Technical Training Manual

In this manual, you as a pilot, will learn about main flight concepts and how the A320 works during normal and abnormal operations. This is not a technical manual about systems, it's a manual about of flight philo- sophy.

# Online Library A320 Technical Training Manual

This manual is based on the original Airbus manual called "The Flight Crew Training Manual" which is published as a supplement to the Flight Crew Operating Manual (FCOM) and is designed to provide pilots with practical information on how to operate the Airbus aircraft. It should be read just like a supplement and not for real flight. In this case refer to the original FCOM from Airbus. Let's start to fly the amazing A320 with our collection of books and remember, it's not a technical manual so enjoy it!

If you are either an Airbus-driver or a

# Online Library A320 Technical Training Manual

serious flight simmer, this collection of information is something that should pique your interest. Learning to understand and operate one of the world's most complex machines is a tall request from a simple book like this ... and Captain Mike Ray is up to the task. His treatment of the airplane systems and operational techniques is written in an interesting and entertaining way ... and makes learning the difficult and complex ... well, almost easy. This over 400 page document is lavishly illustrated in full color to take advantage of the increased learning potential in the use of color. There

# Online Library A320 Technical Training Manual

can be no doubt that the Airbus A320 is a color driven systems airplane and this book attempts to take full advantage of the use of color in describing and illustrating the operations of the airplane systems and controls. Whatever price penalty is incurred in the purchasing of this color volume is well worth the investment in increased learning potential.

In this manual, you as a pilot, will learn about main flight concepts and how the A320 works during normal and abnormal operations. This is not a technical manual about systems,

## Online Library A320 Technical Training Manual

# Online Library A320 Technical Training Manual

This is a 400 page 6 X 9 inch Black and White paperback version of Captain Mike Ray's "Unofficial Airbus 320 Series manual". This document is presented as a less expensive version of that document. And while it incorporates all of the features and information, it lacks the beautiful color and lay-flat characteristics of the original document.
