David Buschs Compact Field Guide

Excellent Field Guide of the awesomely capable D7000,but compact?..er no, afraid not. It's hardly smaller or lighter than the Nikon manual (although infinitely better written) and would have been a proper robust field guide if the book cover were laminated instead of the perishable thick paper rain magnate it currently sports.

David Busch's Compact Field Guide for the Nikon D800/D800E ...

The main reason I only gave the David Busch ' s Compact Field Guide (Kindle version) three stars is because it does not contain an Index making finding specific information on a particular subject extremely difficult as the Table Of Contents only contains generic main chapter titles.
