Toothache is caused when the nerve to a tooth is irritated or inflamed. It often radiates to the cheek, jaw, jaw joint and ears. The pain is sharp and throbbing, sometimes accompanied by swelling around the tooth, fever and headache. Causes of toothache include tooth decay, abscessed tooth, tooth fracture, a damaged filling, an infection of the tooth's nerve, a cavity (mostly created by bacteria), cracks in the enamel, exposed dental necks, inflammation of the jaw and

sinuses, heat and cold stimuli, grinding teeth and infected gums. Gum disease is an irritation and inflammation of the tissues and bones that surround and support the teeth. The two types of gum disease are called gingivitis and periodontitis.

Gingivitis affects the gums, the tissue that surrounds the teeth and causes red, swollen and tender gums that bleed easily.

Periodontitis is a severe gum disease that spreads below the gums to damage the tissues and bone that support the teeth.

Periodontitis causes the gums to shrink back from the teeth, leaving pockets between the teeth and gums where germs (bacteria) can grow and damage the bone that supports the teeth. Teeth look longer, may become loose and fall out. In this homeopathic and naturopathic adviser, I will give you recommendations how to treat toothache and gum disease with Homeopathy and Schuessler salts (also named cell salts, tissue salts). I will present you the most proven homeopathic remedies and Schuessler salts, including the appropriate potency and dosage. I wish you much success, joy of life and especially your health.

Includes Mouth, Tongue, Teeth, Gums, Throat & Tonsils. Section I deals with stomatitis. Section II deals with diseases of teeth and gums. Section III deals with diseases of throat and tonsils. Includes potency decision for the remedies.

This book has long been awaited by professionals - a complete, modern, practical and usable book on the application of homoeopathy to oral medicine, general dentistry and oral surgery. It will not be out of place on the bookshelf or in the office of any dental surgeon, committed homoeopathist or medical doctor. The first and lesser part of the book is a basic introduction to the principles of homoeopathy. The second and greater part is in encyclopaedic form, being a combined therapeutic index of orofacial disease and materia medica of virtually all the therapeutic substances mentioned in the text. It also constitutes a self-tuition course in dental homoeopathy. Appendix One suggests the structure for an initial dental pharmacy in clinical practice, and Appendix Two contains a modern view of the important matter of mercury toxicity.

A large majority of cases of piles are perfectly curable by homoeopathic remedies,

and those which cannot be absolutely cured can almost invariably be so far remedied as to render operation out of the question. An operation does not remedy the state on which the piles depend; on the contrary, it merely removes an expression of the constitutional state, and if nature does not revenge herself for the outrage on some more vital part, the patient must be considered very fortunate.

YOUR DENTAL TREATMENT MAY BE KILLING YOU! Did you know that conventional dental care often causes more harm than good-that treatments such as mercury dental fillings, root canals, and fluoride applications to reduce cavities are now being linked to cancer, heart disease, and auto-immune illnesses? NOW THERE'S A BETTER WAY ... In this groundbreaking new book, Dr. Victor Zeines, D.D.S., shows how examining the mouth can reveal the presence of illnesses or unstable conditions in other areas of the body. He then offers safe, proven therapies that enhance-not lessen-the body's own healing powers. Among the highly effective holistic approaches he uses are:

- Acupressure points to relieve tooth pain
- Healing herbal mouth and gum rinses you can make yourself
- Natural root canal methods for better results
- A special novocaine that prevents palpitations
- TMJ adjustment to restore proper tooth alignment and alleviate headaches
- A simple 8-step treatment to knock out gum disease
- Minerals that reduce
