Your students are changing. Technology is changing. The idea of the classroom is changing. Now, the way your students learn French is changing as well! In preparation for this edition of Deux mondes, we conducted extensive research, employing a wide array of research tools including surveys, focus groups, and ethnographic studies to identify the key goals and challenges of the Introductory French course. Not surprisingly, communication and cultural competence are top goals of the majority of instructors, while they are simultaneously faced with the challenges of fewer contact hours, budget cuts, and new course formats. Deux mondes, 7th edition, continues to offer a truly communicative approach that supports functional proficiency while responding to these changing needs in new and exciting ways. As a direct result of our research, we created Connect French (www.mhconnectfrench.com), a powerful online learning platform that includes the ebook, the online Cahier d'exercices, an audio/video chat tool, and a brand-new video filmed in Provence. Enhanced by these powerful new digital tools, Deux mondes, 7th edition: Engages students in authentic culture that inspires them to communicate with confidence by providing them with the natural contexts they need to develop their language skills Provides tools for flexibility and easy online course administration Achieves consistent results across face-to-face, hybrid, and online course formats *Connect French, including but not limited to the workbook/lab manual, the video program, and chat tools, is sold separately and does not come automatically with the purchase of the textbook.

This combined workbook/laboratory manual contains both acquisition activities and practice activities for use outside the classroom. It also contains the activities for the film, Le Chemin du retour. The Answer Key at the end of the print workbook/lab manual (Cahier) allows students to correct many of the activities themselves. The workbook/lab manual (Cahier) activities and the related audio recordings are also accessible in Connect French. In the online version, many of the activities are auto-graded, giving students instant feedback. In addition, each chapter features two audio/video chat activities and the new Les Francophones sur le vif video series (filmed specifically for Deux mondes) and the related activities.

Widely regarded as the most communicative text available for beginning French courses.

Developed in collaboration with Quizia®, the Online Workbook/Laboratory Manual is the enhanced, interactive version of the printed product that includes instant feedback, the complete audio program, automatic grading and scoring, and a grade report feature that can be viewed online or printed. Students may also view the new film episodes (Le Chemin du retour) within the online Workbook, in conjunction with the new film activities created for the workbook.
