EnVision Math: Interactive Homework, Grade 4 - Scott ...

enVision packs a unique one-two punch. Lessons start with Problem-Based Learning (PBL), where students must think critically about a real-world math problem, evaluate options, collaborate, and present solutions. This is followed by Visual Learning to solidify the underlying math concepts. It's the best way to help kids better understand math ideas.

Engage Every Learner with enVisionMATH As your child moves through his or her math education, he or she will be ready to tackle more and more challenging content. However, you want to ensure each new level of curriculum for homeschooling seamlessly follows the next.

enVisionMATH: Grade 4 will provide you with the materials you need to create dynamic and engaging lessons. The material is Grade-level appropriate and is the logical next step once your child has completed Grade 3. enVisionMATH is the perfect curriculum for parents who want guidance while developing lesson plans. The structure of this homeschool program is such that you will have the tools and ideas you need to educate your child to your their best ability. Grade 4 is the time when your child starts to build a concrete understanding of basic math skills, and enVisionMATH will help him or her achieve that end. Every level of this highly interactive curriculum allows your child to reach specific goals that act as landmarks on the road to math success. By the time your child completes sections within enVisionMATH: Grade 4, he or she will be able to: Solve word problems using addition, subtraction, multiplication and division. Add and subtract numbers with multiple digits. Compare the size of fractions to one another (i.e., $\frac{1}{4}$ is smaller than $\frac{2}{3}$). Translate fractions to decimals and vice versa. Round multi-digit numbers up or down to any place. Explain strategies used when solving word or other math problems. Determine whether a number is missing from a set using pattern recognition skills. Measure angles found within shapes. All these skills build upon the ones your child learned in previous levels of enVisionMATH. While your child will use new curriculum materials found in Grade 4, he or she will feel that the lessons are a natural progression from Grade 3. Each unit of enVisionMATH: Grade 4 is full of engaging visual aids that will help your child grasp the concepts you're teaching. For more information on the specific materials you'll receive with enVisionMATH: Grade 4, visit the Features and Benefits page.

Envision a math program that engages your students as it strengthens their understanding of math. enVisionMATH uses problem based interactive learning and visual learning to deepen conceptual understanding. It incorporates bar diagram visual tools to help students be better problem solvers, and it provides data-driven differentiated instruction to ensure success for every student. The best part, however, is that this success is proven by independent, scientific research. Envision more, enVisionMATH!

Never lose another Flash Card again! Help children develop understanding, mastery, and recall of related facts. Includes 156 addition and subtraction facts through $12 + 12$ and $24 - 12$ in a vertical format. Addition problems are on one side, subtraction

problems are on the other side. Features helpful learning hints plus an addition chart. Great for individual use or small and large group instruction.

enVisionmath 2.0 is a comprehensive mathematics curriculum for Grades 6-8. It builds on the proven effectiveness of the enVision series, supporting coherent, focused, and rigorous mathematics. enVisionmath 2.0 for middle school emphasizes conceptual understanding and procedural skills through problem solving, interactive experiences, and visual learning. Personalized math practice, built-in interventions, and customizable content deepen understanding and improve achievement.. --

"Written specifically to address the Common Core State Standards, enVisionMATH Common Core is based on critical foundational research and proven classroom results. Since enVisionMATH Common Core was built from the ground up to meet the Common Core State Standards, mathematical practices are deeply rooted in the curriculum. These practices promote student success in mathematics. Teach all of the Standards for Mathematical Content within the structure of a program powerful in concept development and grounded on big ideas of mathematics and related essential understandings. This new program develops conceptual understanding through daily Problem-Based Interactive Learning and step-by-step Visual Learning. How do I differentiate instruction? enVisionMATH Common Core shows you. It offers you the right amount of support and challenge for every student"--Publisher.

Daily problem-based interactive learning followed by visual learning strategies deepen conceptual understanding by making meaningful connections for students and delivering strong, sequential visual/verbal connections through the visual learning bridge in every lesson. Ongoing diagnosis & intervention and daily data-driven differentiation ensure that enVisionMATH gives every student the opportunity to succeed. - Publisher.
