A notorious Chicago pimp--leading a lifestyle of unimaginable wealth--recalls with brutal candor his rise from ghetto to celebrity as leader of Chicago's Magic World Christian.

The pimp has reached nearly mythical status. We are fascinated by the question of how a guy from the ghetto with no startup capital and no credit -- nothing but the words out of his mouth -- comes not only to have a stable of sexy women who consider him "their man," but to drive a Rolls, sport diamonds, and wear custom suits and alligator shoes from Italy. His secret is to follow the "unwritten rules of the game" -- a set of regulations handed down orally from older, wiser macks -- which give him superhuman powers of charm, psychological

manipulation, and persuasion. In Pimpology, star of the documentaries Pimps Up, Ho's Down and American Pimp and Annual Players Ball Mack of the Year winner Ken Ivy pulls a square's coat on the unwritten rules that took him from the ghetto streets to the executive suites. Ken's lessons will serve any person in any interaction: Whether at work, in relationships, or among friends, somebody's got to be on top. To be the one with the upper hand, you've got to have good game, and good game starts with knowing the rules. If you want the money, power, and respect you dream of, you can't just "pimp your ride," you need to pimp your whole life. And unless you've seen Ray Charles leading Stevie Wonder somewhere, you need Ken's guidelines to do it. They'll reach out and touch you like AT&T and bring good things to life like GE. Then you can be the boss with the hot sauce who gets it all like Monty Hall

Jesse Jackson is a modern day highway robber, says veteran investigative reporter Kenneth R. Timmerman, who uses cries of racism to steal from individuals, corporations, and government, to give to himself. Until now, however, no one has been brave enough to say it and diligent enough to prove it. But Ken Timmerman has cracked Jackson's machine, found Jackson cronies willing to break ranks, and uncovered a sordid tale of greed, ambition, and corruption from a self-proclaimed minister who has no qualms about poisoning American race relations for personal gain.

Recounts the life and career of the inventive and controversial rock musician, and includes information on his philosophies on art, his opinions on the music industry, and his thoughts on raising children.

"When are the 1970s going to begin?" ran the joke during the Presidential campaign of 1976. With his own patented combination of serious journalism and dazzling comedy, Tom Wolfe met the question head-on in these rollicking essays in *Mauve Gloves and Madmen, Clutter and Vine* -- and even provided the 1970s with its name: "The Me Decade."

A destiny that leads the English to the Dutch is strange enough; but one that leads from Epsom into Pennsylvania, and thence into the hills that shut in Altamont over the proud coral cry of the cock, and the soft stone smile of an angel, is touched by that dark miracle of chance which makes new magic in a dusty world.

Manchild in the Promised Land is indeed one of the most remarkable autobiographies of our time. This thinly fictionalized account of Claude Brown's childhood as a hardened, streetwise criminal trying to survive the toughest streets of Harlem has been heralded as the definitive account of everyday life for the first generation of African Americans raised in the Northern ghettos of the 1940s and 1950s. When the book was first published in 1965, it was praised for its realistic portrayal of Harlem -- the children, young people, hardworking parents; the hustlers, drug dealers, prostitutes, and numbers runners; the police; the violence, sex, and humor. The book continues to resonate generations later, not only because of its fierce and dignified anger, not only because the struggles of urban youth are as deeply felt today as they were in Brown's time, but also because the book is affirmative and inspiring. Here is the story about the one who "made it," the boy who kept landing on his feet and became a man.
