Governing Health Systems: For Nations and Communities ...

The four countries of the United Kingdom have separate but co-operating public health care systems that were created in 1948: in England the public health system is known as the National Health Service, in Scotland it is known as NHS Scotland, in Wales as NHS Wales (GIG Cymru), and in Northern Ireland it is called Health and Social Care in Northern Ireland. All four provide state-paid healthcare to all UK residents, paid for from general taxation.

Health care systems by country - Wikipedia

Botswana operates a system of public medical centers, with 98% of health facilities in the country run by the government. All citizens are entitled to be treated in taxpayer funded facilities, though a nominal fee of ~70 BWP (~US\$6.60) is typically charged for public health services except for sexual reproductive health services and antiretroviral therapy services, which are free.

List of countries with universal health care - Wikipedia

We exist to protect and improve the nation's health and wellbeing, and reduce health inequalities. PHE is an executive agency, sponsored by the Department of Health and Social Care .
