Equipment And

**What is**

**Construction**

**Equipment**

**Management?**

The term ' plant ' refers to machinery, equipment or apparatus used for an industrial activity.

Typically, in

Acces PDF

Heavy

Construction, ' plant ' refers to heavy machinery and equipment used during construction works. Many construction companies fail to manage plant efficiently, despite the fact that it represents one of their biggest costs.

Acces PDF

Heavy

**How to manage  
construction plant -  
Designing Buildings  
Wiki**

According to the project manager of the residential construction project, the project duration is 1000 days (or 7000 hours) and heavy equipment related activities include dump-trucks are

Acces PDF

Heavy

approximately 30 percent of total working hours (2100 hours). From these figures the saving from one-truck less will be 160,650 TL (55,558 USD).
