“ An outstanding work ... the [soccer] book of the decade. ” —Sunday Business Post Inverting the Pyramid is a pioneering soccer book that chronicles the evolution of soccer tactics and the lives of the itinerant coaching geniuses who have spread their distinctive styles across the globe. Through Jonathan Wilson's brilliant historical detective work we learn how the South Americans shrugged off the British colonial order to add their own finesse to the game; how the Europeans harnessed individual technique and built it into a team structure; how the game once featured five forwards up front, while now a lone striker is not uncommon. Inverting the Pyramid provides a definitive understanding of the tactical genius of modern-day Barcelona, for the first time showing how their style of play developed from Dutch “ Total Football, ” which itself was an evolution of the Scottish passing game invented by Queens Park in the 1870s and taken on by Tottenham Hotspur in the 1930s. Inverting the Pyramid has been called the “ Big Daddy ” (Zonal Marking) of soccer tactics books; it is essential for any coach, fan, player, or fantasy manager of the beautiful game

Read PDF Inverting The Pyramid The History Of Football Tactics

TENTH ANNIVERSARY EDITION - NOW FULLY UPDATED In *Inverting the Pyramid*, Jonathan Wilson pulls apart the finer details of the world's game, tracing the global history of tactics, from modern pioneers right back to the beginning when chaos reigned. Along the way, he looks at the lives of great players and thinkers who shaped the sport and probes why the English, in particular, have 'proved themselves unwilling to grapple with the abstract'. This tenth-anniversary edition of a footballing modern classic has been fully updated to include the development of gegenpressing as pioneered by German coaches such as Ralf Rangnick and Jürgen Klopp, and its subsequent influence on the world game. It also analyses the tactical evolution of Pep Guardiola, the increasing alternatives to possession-based football and the changing role of the goalkeeper, as well as investigating the trend of full-backs developing into midfielders and the consequent return of three at the back.

In *INVERTING THE PYRAMID*, Jonathan Wilson pulls apart the finer details of the world's game, tracing the global history of tactics, from modern pioneers right back to the beginning when chaos reigned. Along the way, he looks at the lives of great players and thinkers who shaped the sport and probes why the English, in particular, have 'proved themselves unwilling to grapple with the abstract'. This fifth-anniversary edition of a football modern classic has been fully updated to include an investigation of the modern-day Barcelona and how their style of play developed from Total Football, which itself was an evolution of the Scottish passing game invented by Queens Park and taken on by Tottenham in the 1930s. It also analyses different styles in the early British game and the changing mentality of South American football in the 1970s, as well as looking at the birth of the 3-5-2 system so prevalent today.

An insightful, comprehensive and always entertaining appreciation of how European football has developed over the last three decades by the author of the much heralded *The Mixer*.

From the war-ravaged streets of Sarajevo, where turning up for training involved dodging snipers' bullets, to the crumbling splendour of Budapest's Bozsik Stadium, where the likes of Puskás and Kocsis masterminded the fall of England, the landscape of Eastern Europe has changed immeasurably since the fall of communism. Jonathan Wilson has travelled extensively behind the old Iron Curtain, viewing life beyond the fall of the Berlin Wall through the lens of football. Where once the state-controlled teams of the Eastern bloc passed their way with crisp efficiency - a sort of communist version of total football - to considerable success on the European and international stages, today the beautiful game in the East has been opened up to the free market, and throughout the region a sense of chaos pervades. The threat of totalitarian interference no longer remains; but in its place mafia control is generally accompanied with a crippling lack of funds. In *BEHIND THE CURTAIN* Jonathan Wilson goes in search of the spirit of Hungary's 'Golden Squad' of the early fifties, charts the disintegration of the footballing superpower that was the former Yugoslavia, follows a sorry tale of corruption, mismanagement and Armenian cognac through the Caucasuses, reopens the case of Russia's greatest footballer, Eduard Streltsov, and talks to Jan Tomaszewski about an autumn night at Wembley in 1973...

Having invented the game, everything that has followed for England and its national football team has been something of an anticlimax. There was, of course, the golden summer of 1966, and the great period of English dominance on the world stage, which fell roughly between 1886 and 1900, when England won 35 of their 40 internationals ... But before long foreign teams, with their insistence on progressive 'tactics', began to pose a few questions. And much of what followed for England constituted a series of false dawns. In *THE ANATOMY OF ENGLAND* Jonathan Wilson seeks to place the bright spots in context. Time and again, progressive coaches have been spurned by England - technique being all very well, but what really matters is pluck and 'organised muscularity', or, to quote Jimmy

Read PDF Inverting The Pyramid The History Of Football Tactics

Hogan's chairman at Aston Villa in 1936: 'I've no time for these theories about football. Just get the ball in the bloody net.' Wilson takes ten key England fixtures and explores how what actually happened on the pitch shaped the future of the English game. Bursting with insight and critical detail, yet imbued with a wry affection, this is a history of England like none before.

From Cruyff's "Total Football" to the epic rivalry between Guardiola and Mourinho, a gripping chronicle of the rise and fall of Barcelona's dominance in world soccer. Barcelona's style of play--pressing and possessing--is the single biggest influence on modern soccer. In *The Barcelona Inheritance*, Jonathan Wilson reveals how and why this came to pass, offering a deep analysis of the evolution of soccer tactics and style. In the late 1990s, Johan Cruyff's Dream Team was disintegrating and the revolutionary manager had departed, but his style gave birth to a new generation of thinkers, including Pep Guardiola and Jos é Mourinho. Today, their teams are first and second in the Premier League, marking the latest installment in a rivalry that can be traced back twenty-five years. *The Barcelona Inheritance* is a book about the tactics, the personalities, the friendships, and, in one case, an apocalyptic falling-out that continue to shape the game today.

Jonathan Wilson and Scott Murray provide a forensic analysis of ten key Liverpool games that have shaped the club's fortunes over the last century: from the long-lost triumphs of Tom Watson (a 19th-century Bill Shankly) to 1970s European triumphs over the likes of Borussia Monchengladbach and the mind-blowing 2005 comeback against AC Milan. Aston Villa v. Liverpool April 1899 Wolves v. Liverpool May 1947 Liverpool v. Leeds FA Cup final, May 1965 Liverpool v. Crvena Zvezda November 1973 Liverpool v. Borussia M ö nchengladbach European Cup final, May 1977 Liverpool v. Roma European Cup final, May 1984 Liverpool v. Nottingham Forest April 1988 Everton v. Liverpool February 1991 Roma v. Liverpool February 2001 AC Milan v. Liverpool Champions League final, May 2005

An absolutely essential book for every modern football fan, about the development of Premier League tactics, published to coincide with 25 years of the competition.

The definitive history of Argentinian football from the award-winning author of *Inverting the Pyramid* Diego Maradona, Gabriel Batistuta, Juan Rom ín Riquelme, Sergio Ag é ro, Lionel Messi ... Argentina is responsible for some of the greatest footballers on the planet. Their rich, volatile history is made up of both the sublime and the ruthlessly pragmatic. Argentina is a nation obsessed with football, and Jonathan Wilson, having lived there on and off during the last decade, is ideally placed to chart the five phases of Argentinian football: the appropriation of the British game; the golden age of *la nuestra*, the exuberant style of playing that developed as Juan Per ó n led the country into isolation; a hardening into the brutal methods of anti-f é tbol; the fusing of beauty and efficacy under César Luis Menotti; and the ludicrous (albeit underachieving) creative talent of recent times. More than any other nation Argentina lives and breathes football, its theories and myths. The subject is fiercely debated on street corners and in cafes. It has even preoccupied the country's greatest writers and philosophers. *Angels with Dirty Faces* is the definitive history of a great footballing nation and its many paradoxes.
