This new edition of Perfect Daughters, a pivotal book in the ACoA movement, identifies what differentiates the adult daughters of alcoholics from other women. When this groundbreaking book first appeared over ten years ago, Dr. Ackerman identified behavior patterns shared by daughters of alcoholics. Adult daughters of alcoholics—“perfect daughters” —operate from a base of harsh and limiting views of themselves and the world. Having learned that they must function perfectly in order to avoid unpleasant situations, these women often assume responsibility for the failures of others. They are drawn to chemically dependent men and are more likely to become addicted themselves. More than just a text that identifies these behavior patterns, this book collects the thoughts, feelings and experiences of twelve hundred perfect daughters, offering readers an opportunity to explore their own life’s dynamics and thereby heal and grow. This edition contains updated information throughout the text, and completely new material, including chapters on eating disorders and abuse letters from perfect daughters in various stages of recovery, and helpful, affirming suggestions from Dr. Ackerman at the end of every chapter. This book is essential for every one who found validation, hope, courage and support in the pages of the original Perfect Daughters, as well as new readers and every therapist who confronts these issues. Also includes: a comprehensive reference section and complete index.

Following the terrorist attack in New York on September 11, Deepak Chopra addresses the feelings it caused in all of us: fear, the meaning of death and how to find your “higher self” under catastrophic circumstances. The sort of questions he asks are: is there a deep wound at the heart of humanity? Will revenge salve this wound or aggravate it? He also comments “if you and I are having a single thought of violence or hatred against anyone in the world at this moment, we are contributing to the wounding of the world.” Although this book has grown out of a tragedy that has affected us all, its spiritual message is also of general application in situations where one might be feeling extremely vulnerable, frighteningly angry, deeply sad and trying to make sense of a terrible situation.

This book introduces the reader to terms and concepts that are necessary to understand OB and their application to modern organizations. It also offers sufficient grounding in the field that enables the reader to read scholarly publications such as HR, CMR, and AMJ. This edition features new material on emotional intelligence, knowledge management, group dynamics, virtual teams, organizational change, and organizational structure.

After Mother dies inside the locked nursery, the secrets of a once proud southern family emerge to wrap their evil around the children.

In this riveting domestic suspense debut, a woman’s life shatters when she meets a girl she believes is the daughter she lost years ago—and she finds that reclaiming the life she lost might cost her the life she has. Tell Me You’re Mine is a story of guilt, grief, and the delicate balance between love and obsession. Where is the line between hope and madness? Three women: one who believes she has found her long lost daughter, one terrified she’s about to lose her child, and one determined to understand who she truly is. Stella Widstrand is a psychotherapist, a happily married mother to a thirteen-year-old son. But when a young woman named Isabelle steps into her clinic to begin therapy, Stella’s placid life begins to crumble. She is convinced that Isabelle is her daughter, Alice. The baby that tragically disappeared more than twenty years ago on a beach during a family vacation. Alice is believed to have drowned, but her body was never found. Stella has always believed that Alice is alive, somewhere—but everyone around her worries she’s delusional. Could this be Alice? Stella will risk everything to answer that question, but in doing so she will set in motion a sequence of events beyond her control, endangering herself and everyone she loves.

An “engrossing” novel following three women as they confront the darkness and danger of their world, by the author of The Radiant Way (People). Sweeping from smart London townhouses to a rundown embassy in the Middle East, from the splendors of the Musé d’Orsay in Paris to drowsy afternoons in the hills of sunny Italy, this novel tells the intertwined stories of three Cambridge-educated women living in Margaret Thatcher’s England. Whether it is a conscientious social worker’s quest to befriend a convicted killer; an affair with a stranger after a husband’s suicide; or an attempt to rescue a friend who’s been kidnapped by terrorists, this is a novel rich with dramatic events and deeply intriguing characters who find the courage to persevere through trying times, in the hopes of finding some sort of justice and truth. “[Drabble] invites us to see beyond the filth and horror of modern life to the world of possibilities in our own lives, where we also have the power to write our own endings.” —Winnipeg Free Press “The diverse plotlines develop amidst an abundance of social detail about 1980s Britain, providing a rich and fascinating texture. A winner.” —Library Journal

“In order to find The One, you must become The One.” Dr. Alex Schiller doles out hilarious yet profoundly wise dating advice in her new sex and dating manual, which will transform you into an Exceptional Individual capable of seducing everyone you meet. “My name is Dr. Alex Schiller and I Never Sleep Alone. Unless I want to. Man or woman, rich or poor, teenage or elderly—NSA will transform YOU into The One that everyone wants...” For the past three years in New York City, Dr. Alex (not a real doctor) has been performing her hit comedy and dating show “Never Sleep Alone” to sold out audiences, helping thousands of people from all over the world transform themselves and fulfill their sociosexual desires. Now, with her signature blend of outrageous humor and profound wisdom, the celebrated guru has created an interactive sex and dating guide that takes you on a fantastic journey of exciting new adventures, self-discovery, and transformation. With her nine NSA Principles, her compulsively quotable NSA Truths, and her interactive NSA Challenges, Dr. Alex inspires us all to laugh at ourselves, to make real human connections, and, most importantly, to Never Sleep Alone. Unless we want to.

Psychotherapy. The impact of trauma across generations.
