Mortimer Jerome Adler (December 28, 1902 - June 28, 2001) was an American philosopher, educator, and popular author. As a philosopher he worked within the Aristotelian and Thomistic traditions. He lived for long stretches in New York City, Chicago, San Francisco, and San Mateo, California. He worked for Columbia University, the University of Chicago, Encyclopædia Britannica, and Adler's own ...

Adler instructs the world in the "uncommon common sense" of Aristotelian logic, presenting Aristotle's understandings in a current, delightfully lucid way. Aristotle (384 - 322 B.C.) taught logic to Alexander the Great and, by virtue of his philosophical works, to every philosopher since, from Marcus Aurelius, to Thomas Aquinas, to Mortimer J. Adler. Now Adler instructs the world in the "uncommon common sense" of Aristotelian logic, presenting Aristotle's understandings in a current, delightfully lucid way. He brings Aristotle's work to an everyday level. By encouraging readers to think philosophically, Adler offers us a unique path to personal insights and understanding of intangibles, such as the difference between wants and needs, the proper way to pursue happiness, and the right plan for a good life.

Offers an imaginative perspective on Aristotelian logic, presenting an exploration of nature, society, and man in light of commonplace events and reexamining concepts of body, mind, change, cause, part, whole, one, and many

An illuminating critique of modern thought from America's "Philosopher for Everyman" (Time). *Ten Philosophical Mistakes* examines ten errors in modern thought and shows how they have led to serious consequences in our everyday lives. It teaches how they came about, how to avoid them, and how to counter their negative effects.

This enlightening study is the result of group discussions at Dr. Adler's annual seminar in Aspen, Colorado, and conversations between Dr. Adler and Bill Moyers filmed for public television. Each summer, Mortimer J. Adler conducts a seminar at the Aspen Institute in Colorado. At the 1981 seminar, leaders from the worlds of business, literature, education, and the arts joined him in an in-depth consideration of the six great ideas that are the subject of this book: Truth, Goodness, and Beauty - the ideas we judge by; and Liberty, Equality and Justice - the ideas we act on. The group discussions and conversations between Dr. Adler and journalist Bill Moyers were filmed for broadcast on public television, and thousands

of people followed their exploration of these important ideas. Discarding the out-worn and off-putting jargon of academia, Dr. Adler dispels the myth that philosophy is the exclusive province of the specialist. He argues that "philosophy is everybody's business," and that a better understanding of these fundamental concepts is essential if we are to cope with the political, moral, and social issues that confront us daily.

Time magazine called Mortimer J. Adler a "philosopher for everyman." In this guide to considering the big questions, Adler addresses the topics all men and women ponder in the course of life, such as "What is love?", "How do we decide the right thing to do?", and, "What does it mean to be good?" Drawing on his extensive knowledge of Western literature, history, and philosophy, the author considers what is meant by democracy, law, emotion, language, truth, and other abstract concepts in light of more than two millennia of Western civilization and discourse. Adler's essays offer a remarkable and contemplative distillation of the Great Ideas of Western Thought.

Practical information for learning how to speak and listen more effectively. With over half a million copies in print of his "living classic" *How to Read a Book* in print, intellectual, philosopher, and academic Mortimer J. Adler set out to write an accompanying volume on speaking and listening, offering the impressive depth of knowledge and accessible panache that distinguished his first book. In *How to Speak How to Listen*, Adler explains the fundamental principles of communicating through speech, with sections on such specialized presentations as the sales talk, the lecture, and question-and-answer sessions and advice on effective listening and learning by discussion.

First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.
