disseminates original research on learning in and from practice in pre-service teacher education. Authors such as Lederman and Lederman describe the student teaching practicum (or work-integrated learning [WIL]), which is an essential component of pre-service teacher

education, as the  
' elephant in the

authors note that 'the  
capstone experience  
in any teacher  
education programme

that this component is  
sometimes very  
insufficient in  
assisting the student

WIL is addressed

effective, and in

Chapter 4 researchers  
of the University of

Chapter 3 highlights the challenges faced in open-and distance learning teacher education contexts. Several of the
