Rin knows almost everything now, but he's keeping it to himself. When he met the others, Rin lied, claiming he was Shukaido, the age difference due to being reborn twice. In truth, Haruhiko is the reincarnation of Shukaido, and Rin has made sure he knows the reason behind their age difference--Shukaido's treachery, which left Shion alone on the moon for nine maddening years!

Life's hard when you're shy, harder still when you move from your quiet hometown to the bustle of a big city and a new high school. Poor Alice also has to cope with being regularly harassed by the bratty neighbor boy, Rin. Her life turns upside-down when she's stuck babysitting Rin and the annoying chore ends in unexpected tragedy. What Alice doesn't realize is there could be a greater force at work than unhappy chance! -- VIZ Media

Final Volume! Eight-year-old Rin is still tormented by his past life. As Shion, an engineer stationed on Earth's moon, he spent nine years alone after his home planet was annihilated and a deadly virus took the lives of his fellow scientists. Now, in the conclusion to the Please Save My Earth series, his plot to destroy the moon base--and all traces of his past life--reaches its dénouement. Alice begs Rin not to let his past life as Shion rule his future--and even threatens to jump off Tokyo Tower if Rin chooses to pursue his plot of eventually controlling the world... -- VIZ Media

Though just a boy of 8, villainous Rin is wreaking havoc among the group of teenagers who remember a past life on the moon. In his quest to destroy the moon base, Rin will stop at nothing to learn the computer passwords of his former compatriots on the KK research team. To force Daisuke, the moon mission's leader,

to reveal his password, Rin takes his younger brother hostage. The others desperately try to dodge Rin and are especially mindful of keeping Alice safe. But how long can they keep one step ahead of him? -- VIZ Media

After a psychic battle with fellow moon dreamer Haruhiko, young Rin's injuries gave him plenty of time to dream of his past life as Shion, the moon base's socially dissonant engineer. Now that he's awake, Rin's personality has become muddled. Shion's obsessive drive to save the Earth sporadically overpowers Rin's need to hide his abilities and intentions. The resulting conflict causes emotional trauma for those around him. Worse, he has been found by Tamura and Mikuro, Haruhiko's allies, so Rin must stay alert instead of focusing on his recovery. How much stress can a little boy take? -- VIZ Media

Are the woes of the present meant to be endured for the promise of a better future or to atone for past wrongs? In a captivating epic of love, fate and faith, seven young people must struggle with this spiritual puzzle as their alien past lives threaten the future. Mokuren's perspective on the moon base tragedy is vastly different from Shion's. Though she seems to be an ethereal goddess, she has her own insecurities and frustrations. She's troubled by her lack of female friends and aggravated by men who are only interested in the rarity and celebrity of her Kiche, the mystical mark of their god, Sarjalim. When she learns of the opportunity to join the research team on the KK moon base, she eagerly applies for the position, over

the protest of the Lim Lians. Her wish to join good-looking men on the team is fulfilled when she meets handsome Gyokuran and Shion--but will either one quench her desires?

Shion, the moon base's socially dissonant engineer, had a traumatic life. In carrying Shion's memories, young Rin faces an equally trying existence. First he had to survive a 15-story fall, then an explosive psychic battle. Now, while still recovering, he has been discovered by the diligent Mr. Tamura, a potential threat to his plans. Worse, Alice, the object of Rin's affections, has become unconsciously attuned to her own past life. Although Rin claims to be the reincarnation of the mild-mannered doctor Shukaido, Alice suspects the truth, forcing Rin to cruelly drive her away. Now the pressure has come to a head. Rin must take drastic measures as his world is torn apart. -- VIZ Media

Possessing the memories of Shion, the moon base's socially dissonant engineer, young Rin is driven by his past life to protect the Earth. After a brutal conflict, Rin's identity has been revealed to the resourceful Mr. Tamura, a friend of two of Rin's pawns. After his mother breaks down from the pressure, Rin flees his hospital bed to find unexpected allies amongst strangers. While Rin recovers, the others are left in turmoil. During a school trip to Kyoto, three of them seek out Mr. Tamura and the reclusive moon dreamer Haruhiko in hopes of finding answers. At last, the memories of mystical Mokuren begin to awaken within Alice. -- VIZ Media

Rin is finally face to face with Alice again, and he is determined to get the computer password she used in her past life on the KK moon base. But even in the face of his vicious threats, Alice steadfastly refuses--unless he'll tell her why he needs it. It turns out that Rin's motives, tied into his past identity as Shion, are more complicated than his former moon compatriots could imagine... -- VIZ Media

Mokuren awakens from a fever-induced coma a week after her attack, tormented by the realization that Shion lied to her when he said he loved her. After all, if he really did, her Kiche, the mystical mark on her forehead, would have disappeared. Even so, and even though he's now treating her like a sacred being instead of a fellow human, she can't stop loving him. On Earth, Haruhiko tries to convince Alice that Rin needs and loves her. But Alice finds herself in deep trouble, and her disturbing dreams continue, showing her the end of Mokuren's life on the KK moon base... -- VIZ Media

After a psychic battle in Kyoto, all the combatants are wounded--with Rin sustaining the most severe injuries. The physical and mental trauma has unlocked a Pandora's box of memories, causing Rin to relive some of Shion's most painful moments. Between his tragic childhood and psychic powers, Shion grew into an isolated, detached youth. What will be revealed by his formative years and his eventual trip to observe the Earth from the moon? -- VIZ Media
