Welcome to the Online Learning Centre for Economics, eleventh edition by David Begg, Gianluigi Vernasca, Stanley Fischer and Rudiger Dornbusch Economics affects almost everything we do: from our decisions at work to our shopping habits, voting preferences and social attitudes.

Dornbusch, Fischer, and Startz Macroeconomics has been a leading intermediate macroeconomic theory text since its introduction in 1978. This revision retains most of the texts traditional features, including a middle-of-the-road approach and very current research, while updating and simplifying the exposition. The text is now even easier to teach from. The only prerequisite continues to be principles of economics.

This is a text for all students of introductory economics at undergraduate or postexperience level. It may be used for a one year course and includes a recommended contents outline for a shortened or modular course.

Fully updated, this classic best-seller presents a modern view of macroeconomics at a level accessible for students.

Foundations of Economics, Second Edition, is a concise text for non-specialist students taking one semester economics modules. This new edition offers the proven consistency, quality, and clarity of the parent text, Economics Seventh Edition, the "student bible" (BBC Radio Four) in the discipline.

This is a text for all students of introductory economics at undergraduate or postexperience level. It may be used for a one year course and includes a recommended contents outline for a shortened or modular course.

Aims to teach students how economics really works in the world.
