What do people and businesses need to know about the realities of innovating in order to develop products successfully? Lorraine Marchand--a seasoned practitioner who has guided Fortune 500 companies and start-ups on developing and launching new ideas--lays out a step-by-step

framework for spurring success. She shares her eight laws of innovation, a formula for driving significant and lasting transformation in any organization. Marchand emphasizes the frame of mind needed to spark the innovation process, underscoring the importance of creating a problem-solving culture and supporting personal curiosity, passion, and talent. She pinpoints the strengths shared by the big ideas that break through and debunks the myths that hold back aspiring creators. Written in authoritative but conversational language, *The Innovation Mindset* offers a practical plan for both the veteran with another great idea and the first-timer with a big dream.
