Don't panic! Here are the essential techniques you need to cope with a short-term survival situation.

Fast facts and practical advice to keep you prepared, whether you're dealing with mud or flood, drought or derecho. This valuable, comprehensive guide is full of life-saving information for virtually any extreme weather event—blizzard, hurricane, firestorm, tornado, heatwave, and beyond. Weather reporter Dennis Mersereau, working with the editors of Outdoor Life magazine, debunks common myths, provides hands-on survival tips (some of them literally hands-on—as in, don't lose your fingers to frostbite), and shares some fascinating historical facts and world records. Learn how to: Read a weather map Survive in a snowbound car Stay oriented in a whiteout Make waterproof matches Avoid lightning hot spots Rescue someone caught in a flood Know your monsoons Survive a sandstorm Make peace with the polar vortex Drought-proof your home and much more "Don't mess with the Mersereau. He will find your weather fables and he will crush them...We need more Dennises. In fact, the National Weather Service itself should be run by Dennis, with each local office headed by a Dennis-like weather blogger tasked with explaining the relevant weather news of the day, and entertaining us when the weather is boring."—Slate

This comprehensive guide is full of the strategies, skills, and gear you need to survive any catastrophe—from natural disasters to the collapse of society. All over America, families are transforming spare rooms into long-term storage pantries, planting survival gardens, unplugging from the grid, converting their homes to alternative sources of energy, taking self-defense courses, and stocking up on everything from canned food to ammunition. So what are these people preparing for? In our increasingly unstable world, there are a whole host of catastrophic event that could throw civilization into turmoil. Outdoor Life: Prepare for Anything takes you through these potential threats and explains how to be prepared for them. From having the right equipment to considering your actions in the wake of a disaster, or acquiring the skills needed for self-sufficiency, this guide is full of hands-on hints, easy-to-use checklists, and engaging first-person stories. This volume includes vital information on: • Necessary skills in a time of a natural disaster, economic collapse, or societal restructuring. • What should be in your house, pantry, basement, bunker, and go-bag. • How to handle yourself and your family in the wake of disaster, from creating a plan to leading your neighborhood

If you went into the woods with just a knife, your wits, and the shirt on your back, could you survive? If you'd read this book from New York Times bestselling author, Tim MacWelch, the answer is yes! The latest paperback release in Weldon Owen's popular Outdoor Life series sees New York Times-bestselling author and survival expert Tim MacWelch explore survival situations. MacWelch examines how native peoples around the world throughout history have made their own shelter, weapons, tools, and more, while detailing clever MacGyver-esque ideas for using anything you might find in your pockets or pack to guarantee survival. Readers will be prepared to test themselves against nature, to be prepared for any catastrophe, or to learn more about traditional ways of survival.

This book helps you acquire and sharpen skills required to safely enjoy the outdoors. You will find details on how to hike/travel, in the summer and winter, "make a camp", choose suitable equipment, and understand your environment. You will learn how to search for food and water, find shelter, "read" the weather, and how to take care of yourself if you are injured (First Aid). Interesting topics as PANNING FOR GOLD, tracking, camouflage, dangerous wild animals, birds, fish, edible plants, poisonous mushrooms, and basic survival techniques are also covered.

The expert outdoorsmen at Field & Stream share essential survival tips and techniques in this comprehensive guide. In modern daily life, almost any information or service you could need is just a click away. But when something goes wrong in the wilderness, you have nothing but your wits to rely on—so it's best to be prepared. Field & Stream Outdoor Survival Guide is full of skills, tips and tricks for surviving a wide range of potentially dangerous situations. This volume covers typical dilemmas, like building a fire in the rain, as well as more extreme scenarios, like skinning and cooking a snake. It also covers a few skills that are just plain awesome—like making a blowgun. Geared to the hunter or fisherman, but with something for almost everyone who loves the great outdoors, this is the book you want in your backpack before heading out into any potentially sketchy situation.

Presents information on basic camping and survival skills while in the wilderness, covering topics such as getting lost, navigating through different terrains and climate conditions, first aid, using compasses and binoculars, wildlife, and cooking.

Straightforward advice on what to do under threat of a dangerous situation.
