This is the b format version of the critically acclaimed book on the singer. In "Waiting for Kate Bush", the reader will not only laugh out loud at Herskovits' attempt to make sense of his life in an alien culture, but also learn in detail what Kate Bush - known alternately as 'the barmiest bird in pop', 'the pre Raphaelite nymph with Minnie Mouse's soprano' and the 'greatest artist of the last 30 years' has been up to in the silent decade - plus - since the release of her last album.

"Cloudbusting"...was inspired by a book that I first found on a shelf... It was just calling me from the shelf, and when I read it I was very moved by the magic of it. It's about a special relationship between a young son and his father. The book was written from a child's point of view. His father is everything to him; he is the magic in his life, and he teaches him everything, teaching him to be open-minded and not to build up barriers' - Kate Bush This famous book, the inspiration behind Kate Bush's 1985 hit song 'Cloudbusting', is the extraordinary account of life as friend, confidant and child of the brilliant but persecuted Austrian psychoanalyst Wilhelm Reich. Peter, his son, shared with his father the revolutionary concept of a world where dream and reality are virtually indistinguishable, and the sense of mission which set him and his followers apart from the rest of the human race. Here, Peter Reich writes vividly and movingly of the mysterious experiences he shared with his father: of flying saucers; the 'cloudbuster' rain-makers and the FDA narks; and of the final tragic realization of his father's death, which woke him up to the necessity of living out his life in an alien world. Already regarded as a modern classic, A Book of Dreams is not only a beautifully written narrative of a remarkable friendship and collaboration, but a loving son's heartfelt tribute to a loving father. WITH A NEW PREFACE BY THE AUTHOR

Kate Bush has written some of the most memorable songs in pop music history. Wuthering Heights, her debut single shot to number 1 in 1978 and she remains something of an enigma over a quarter of a century later. A singer, songwriter, musician, dancer, actress and director, Kate has inspired a devoted following around the world. Rob Jovanovic traces the story of Kate Bush's career, from her up-bringing in the Essex countryside through her first forays into music with a series of home recordings, to her number 1 debut album that propelled her to international stardom. Including exclusive interviews with studio musicians and choreographers, Jovanovic's biography emphasises both her voracious talent and her intensely private personality.

Selected and arranged by the author, and with a new introduction by novelist David Mitchell, How To Be Invisible presents the lyrics of Kate Bush published together for the first time. 'For millions around the world, Kate is way more than another singer-songwriter: she is a creator of musical companions that travel with you through life. One paradox about Kate is that while her lyrics are proudly idiosyncratic, those same lyrics evoke emotions and sensations that feel universal. Literature works in similar mysterious ways. Kate's the opposite of a confessional singer-songwriter ... You don't learn much about Kate from her songs. She's fond of masks and costumes - lyrically and literally - and of yarns, fabulations and atypical narrative viewpoints. Yet, these fiercely singular songs, which nobody else could have authored, are also maps of the heart, the psyche, the imagination. In other words, art.' David Mitchell

HOMEGROUND: THE KATE BUSH MAGAZINE: ANTHOLOGY ONE: 'WUTHERING HEIGHTS' TO 'THE SENSUAL WORLD' HomeGround is a magazine devoted to Kate Bush (born in 1958), a British pop star best-known for hits such as 'Wuthering Heights', 'Wow', 'Hounds of Love' and 'Running Up That Hill'. This book is pure heaven for music fans. The HomeGround anthology includes material inspired by all periods of Kate Bush's musical progression. It is a book about the reaction to her work and how her unique music has touched the lives of so many people. This is a unique book, a labour of love for hundreds of music fans who have contributed to HomeGround over its thirty-year existence. The book includes an enormous amount of information about Kate Bush, accounts of every release, album, single, pop promo and appearance, as well as memories and accounts of music fandom (such as conventions, meetings, hikes, stage door encounters and video parties). It also includes material on many other pop acts and events. It features poetry, stories, letters, reviews, interviews, memoirs, cartoons, drawings, paintings and photographs. This is the first book of a two volume set, totalling over 1200 pages. The first book covers Kate Bush's career from 'Wuthering Heights' to 'The Sensual World' (from the late 1970s to the late 1980s). The second book runs from 'The Red Shoes' album to the present day. The first issue of HomeGround appeared in 1982, four years after Kate Bush's dramatic debut with 'Wuthering Heights'. Starting with an ancient manual typewriter, and a pot of glue paste, the editors mounted articles on recycled backing sheets and added hand-drawn artwork to fill the gaps. The first issue was photocopied, the pages hand-stapled together and twenty-five copies were given away to fans they knew. Only later did they discover the magic of word processing, and desktop publishing. From those beginnings HomeGround became a cornerstone of the 'Kate-speaking world', the editors going on to organise four official fan events at which Kate Bush and members of her family and band appeared, arrange at Bush's request a team of fans to be extras in two of her videos and organise informal fan gatherings at Glastonbury and Top Withens, the storm-blown ruin on Haworth Moor. Years before the internet, HomeGround became a place where fans could discuss Bush's music, and a place where they could publish creative writing and artwork that music inspired. Fully illustrated with hundreds of images, including rare photographs and original artwork. Includes a timeline of Kate Bush's career, index and a who's who. ISBN 9781861714800. 648pp. Also available in paperback: ISBN 9781861714794. Volume Two of HomeGround, covering Kate Bush's career from 'The Red Shoes' to the present day, is also available: ISBN 9781861714817 (Pbk) and ISBN 9781861714824 (Hbk). www.crmoon.com (see for offers on buying both books together). Katebushnews.com - the website of HomeGround, the international Kate Bush magazine.

KATE is a collection of beautiful images from throughout Kate Bush's career. It includes outtakes from classic album shoots and never-before-seen photographs from The Dreaming and Hounds of Love sessions, and rare candid studio shots and behind-the-scenes stills from video sets, including 'Army Dreamers' and 'Running Up that Hill'. These stunning images will be accompanied by two new essays by John Carder Bush: From Cathy to Kate, describing in vibrant detail their shared childhood and the early, whirlwind days of Kate's career, and Chasing the Shot, which vividly evokes John's experience of

photographing his sister. John Carder Bush: For me, each of these images forms part of a golden thread that shoots through the visual tapestry of Kate's remarkable career. Storytelling has always been the heartbeat of Kate's body of work, and it has been a privilege to capture these photographic illustrations that accompany those magical tales

Kate Bush is widely respected as one of the most unique solo female performers to have ever emerged in the field of popular music. She has achieved that rare combination of great commercial success and critical acclaim, with *Hounds of Love* considered widely to be her masterpiece. The album regularly features in 'best album' lists, and in the 2004 Observer poll was the highest placed work by a solo female artist. The album allows the author, Ron Moy, the critical opportunity to explore a wide range of issues relating to technology, production, authorship, grain of the voice, iconography, critical and commercial impact, collaboration, gender, sexuality, narrative, and social and cultural context.

When David Bowie first visited the USA in February 1971, he was an obscure English folkie in a man's dress. By the time John Mendelssohn was finished with him, he was an obscure English folkie with an upcoming Rolling Stone profile, and a newfound appreciation for The Stooges and their anarchic frontman Iggy Pop.
